## PROFILE

Hi, I'm Nina Hayford and I'm a current student at CSU. I'm a highly motivated individual and work well in fast-paced environments with multiple goals to work towards each day. My career goal is to one day become a sustainability specialist in the corporate world. I want to make an impact and I feel helping big businesses become more sustainable is a step in the right direction toward a more sustainable world. My core competencies include: • cleaning and sanitizing • time management • cashiering • team player • problem-solving • maintaining a safe environment • childcare • animal care • positive attitude • clear communicator.
